Acknowledgments

Several articles in this volume were translated from the original German, and some were rewritten and edited. The help of H. Beck, K. Hügli, and D.I. Norman in carrying out this task is gratefully acknowledged. We wish to thank H.-M. Friess for putting at our disposal his newly developed PostScript-based text system *PosTex*, with which most articles in this volume were written.

Are UFOs a New Kind of Natural Phenomenon?

WALTER H. ANDRUS, JR.

I. MUFON-CES

The Mutual UFO Network - Central European Section (MUFON-CES for short) was founded in 1974. Members of the group are open-minded in regard to the possibility of extraterrestrial life, however, that UFOs represent real objects in the sky, which cannot be identified. The group publishes a quarterly journal in Germany, Switzerland, and Austria. Membership is by invitation only and is terminated if active participation drops below a certain level.
